

Getting Started in OzProjects: Enrolling to be a teacher of an existing project

1. Go to the website.
<http://ozprojects.edu.au/>

2. Select **Login** in the top right corner of the screen.

3. Select **Create new account**.

Is this your first time here?

Hi! For full access to Projects you'll need to take a minute to create a new account for yourself on this web site. Each of the individual Projects may also have a one-time "enrolment key", which you won't need until later. Here are the steps:

1. Fill out the [New Account](#) form with your details.
2. An email will be immediately sent to your email address.
3. Read your email, and click on the web link it contains.
4. Your account will be confirmed and you will be logged in.
5. Now, select the Project you want to participate in.
6. If you are prompted for an "enrolment key" - use the one that your teacher has given you. This will "enrol" you in the Project.
7. You can now access the full Project. From now on you will only need to enter your personal username and password (in the form on this page) to log in and access any Project you have enrolled in.

Getting Started in OzProjects: Enrolling students in existing projects

Follow the same procedure as for enrolling to be a teacher. However, no email request needs to be sent as in Step 8.

Older students may be able to enrol themselves as an individual if they have their own email address and are able to fill out the required form (at Steps 4 and 5) to create a Username and Password.

Alternatively the teacher may be the one to enrol students as individuals or as a group using one email address and the same Username and Password.

Please be aware that it is more difficult to monitor student participation and input when they are enrolled as a group. This is particularly important when students are participating in chats and online forums. Group enrolment also limits involvement in chats, forums and quizzes.
